G815 packs advanced gaming technologies into a Ultra-Thin and sophisticated design. Fully customizable per-key, LIGHTSYNC RGB technology also reacts to in-game action, audio and screen color as you choose. Programmable G-keys let you create and execute complex actions simply and intuitively and the volume wheel and media keys give you fast, easy control over video, audio, and streaming. G815 also features a USB pass-through to quickly plug in a flash drive or another device to charge. Key Features THE NEXT DIMENSION Advanced gaming technologies in a sophisticated ultra-thin design. Fully customizable, equipped with LIGHTSYNC RGB and dedicated G-keys. IMPOSSIBLY THIN G815 is a feat of engineering and design with an incredibly refined, impossibly thin build with no compromises on performance or feature set. ADVANCED LOW-PROFILE MECHANICAL Get the speed, accuracy and performance at half the height of traditional switches. Low-profile GL mechanical switches are rigorously tested to meet strict endurance, responsiveness, and accuracy requirements. Available in three switch types. LIGHTSYNC RGB G815 is fully customizable per key across 16.8M colors. Create your own animations or choose from a selection of preset effects. With LIGHTSYNC technology, lighting is driven by games, audio, or your screen to deliver the most immersive RGB experience ever. ENDLESS CONTROL Sleek and sophisticated G815 offers a focused, high-performance experience with every feature you need to take total control—like

programmable G-keys and onboard profiles. USB PASSTHROUGH Connect and power more devices with convenience and speed. An additional dedicated USB cable connects the USB passthrough port on the back of the keyboard for full-power throughput and data speed. LOGITECH G HUB Logitech G HUB gives players unprecedented and easy control over their gear and games. Customize lighting, create macros, and much more. Players can fine tune their gaming gear settings by game, connect to third party apps like Discord and OBS, and download and share custom game profiles with the Logitech G community. *image are for illustration purposes only
