

Netgear Orbi Tri-Band WiFi System

Introducing one of the first WiFi systems to utilise Tri-band technology, the Netgear Orbi WiFi System provides you with reliable and secure internet no matter where you are in your home. Wifi Everywhere Coming complete with a router and one satellite, the Netgear Orbi WiFi System lets you enjoy internet using Tri-Band Mesh technology. Featuring three different connection points placed strategically around large homes and offices, the Tri-Band's mesh system allows you to walk around freely without losing your internet connection. The WiFi system can reach up to 4,000 square feet through WiFi barriers, such as walls and doors while the satellite lets you instantly expand your wireless reach. Seamless Coverage Thanks to Orbi's Tri-Band WiFi system, your devices are able to move between bands and other Orbi units so that there is no need to disconnect and reconnect. This system ensures that your whole home will be covered, giving you better WiFi no matter where you are in your home. The Orbi's updated technology also allows you to connect even more devices to the network without interfering with the signal strength. No More Waiting The Netgear Orbi WiFi System helps prevent buffering and lag by taking advantage of its Tri-Band capabilities which creates high speed Internet for your devices so that you can watch and do your favourite things even faster. The Orbi WiFi System is able to work with your ISP's modem to maximize what you pay for. Easy to Setup By being able to work with your Internet service provider straight out of the box, the Netgear Orbi WiFi System is simple to use. Using just a single WiFi name or SSID, you can easily set up the Orbi with just a few clicks and have your WiFi network ready to go. Unobtrusive Design Thank to its sleek design, the NetGear Orbi WiFi System is able to blend in nicely with the rest of your

home. Featuring neat rounded edges, a soft white finish and glowing LED ring light on the top, the Orbi is able to subtly compliment your home. Orbi WiFi System Bundle includes: One (1) Orbi Router (RBR50) One (1) Orbi Satellite (RBS50) One (1) 2m Ethernet cable Two (2) 12V/ 3.5A power adapters Quick start guide
