

# Asus ROG Rapture Tri- band WiFi Gaming Router - Black

Asus Tri-band WiFi Gaming Router World's first 10 Gigabit Wi-Fi router with quad-core processor, 2.5G gaming port, DFS band, WTFast, Adaptive QoS, AiMesh for mesh wifi system and AiProtection network security. Key Features Keep Your Gaming Band Clean Tri-band networking lets you dedicate one 5GHz band to gaming only, so you can avoid competing for bandwidth with other devices on your home network. With dynamic frequency selection (DFS), ROG Rapture GT-AX11000 also unlocks 15 channels in the least-congested 5GHz bands. Port Forwarding In 3 Steps Port forwarding is critical for gamers, to avoid the awkward situation of not being able to team up with friends. Open NAT on GT-AX11000 cannot be easier, it only takes 3 steps. No more frustrating and complicated process needed. Select which game to play Select your gaming device Activate and done Rule Your Network The ROG-themed Gaming Center interface provides easy point-and-click control over every incredible feature. Powerful Whole-home Wi-fi System ASUS AiMesh is an innovative new router feature that fixes these problems: it creates a whole-home Wi-Fi network using multiple ASUS routers. AiMesh is powerful, flexible and you can use a mix of ASUS router models! AiMesh gives you time-saving central control, and seamless roaming capability. Don't Trust Your Victory To Luck When it comes to ranking, a great connection to your game server is critical. Game Radar lets you check ping times to different servers before you play. Simultaneous Gaming and VPN If you're fed up with

virtual private networks dragging down game performance, ROG has the answer. ROG Rapture lets you run a VPN and an ordinary internet connection - simultaneously! \*image are for illustration purposes only
