

Netgear Orbi RBK752 (AX4200) WiFi 6 Mesh System (1 Router + 1 Satellite)

Key Features

- Robust Performance Whole Home Mesh WiFi System** – Covers large homes up to 5,000 sq. ft with fast WiFi. System includes a WiFi router and one satellite.
- Powerful AX Mesh WiFi System** – Keeps all your connections strong in every room, all the time. Enjoy 4K/8K UHD streaming and online gaming to multiple screens simultaneously without interruption.
- WiFi 6 Brings Capacity Beyond Belief** – Latest generation WiFi 6 technology is faster than ever, with 4X increased capacity compared to a WiFi 5 (802.11ac) system. Even with 40 or more devices, WiFi 6 supports your devices' connections for today and tomorrow.
- Seamless and Consistent Mesh WiFi Coverage** – From front door to backyard and in every corner of your home. A dedicated quad-stream WiFi 6 backhaul allows consistent gigabit throughput throughout your home.
- Built for the Gigabit Internet Speeds Everywhere** – Innovative Tri-band WiFi helps maximize the internet speeds available in your home to every device. Gigabit Internet – 1Gbps Ethernet port support gigabit Internet speeds available from service providers.
- NETGEAR Armor™** - Best-in-class anti-virus and data theft protection for ALL of your smartphones and computers. Protects your connected home from internet threats.
- Easy to Set Up and Use** – Simple setup and WiFi

management with the Orbi app. Create a guest network, view connected devices, and perform speed tests. Connect More Wired Devices – One WAN + three LAN ports on the router and two LAN ports on the satellite are ideal for connecting more devices around your home. Works with Amazon Alexa and the Google Assistant so you can use voice commands to control your home WiFi network.
