

Braun HD785 Satin Hair 7 SensoDryer

The built in sensor measures temperature 600 x a minute and the dryer immediately adjusts it to the optimal level. That prevents dryer from overheating and protects hair from being damaged. Lives 5x longer than conventional motors and maintains temporary peak performance for longer. Millions of active ions combat the static that occurs with conventional dryers. With a Braun Satin Hair IONTEC dryer you get more even hair for visibly more shine, strand by strand. Professional fan system keeps strong airflow constant even when a nozzle is attached. Even heat distribution to prevent dry out and ensures fast drying. Two fixed cold-shot buttons produce colder air compared with conventional dryers to lock styles better. Built-in cooling system keeps the surface cool and allows new holding positions for more convenience. The professional diffuser keeps the heat inside so it can permeate the hair deeper for defined curls and volume on top salon level. Operates with optimal temperatures to keep hair colour lasting longer. Special removable filter mesh for easy cleaning & protection from hair breakage. The professional nozzle is especially slim and focusses the air even more for unprecedented styling precision and stylist-like results. Key Features Thermo Sensor feels air and adapts temperature for maximum heat control IONTEC technology releases millions of active IONS to boost shine, combat frizz, smooth hair. Advanced heat control operates with optimal temperatures to keep hair colour lasting longer. Infrared heating system for efficient and fast drying. 1 Year Local Manufacturer Warranty. Thermo sensor for active temperature control The built-in sensor measures temperature 600 x a minute and the dryer immediately adjusts it to the optimal level. That prevents the dryer from overheating and protects hair from being damaged. Professional AC motor Lives 5x

longer than conventional motors and maintains temporary peak performance for longer. Professional fan system Keeps strong airflow constant even when a nozzle is attached. IONTEC: Infuse your hair with ions to boost shine and beat frizz. Millions of active ions combat the static that occurs with conventional dryers. With a Braun Satin Hair IONTEC dryer, you get more even hair for visibly more shine, strand by strand. Even heat distribution Prevents dry out and ensures fast drying.
