

# Philips BHD-006/03 EssentialCare Hair Dryer

With a large 1600W of power, ThermoProtect temperature setting and dual voltage the Philips EssentialCare Hair Dryer will help you dry and style your hair at home or on vacation. Key Features 1600W of power delivers a consistent level of airflow and gentle drying power. A ThermoProtect temperature setting delivers a powerful air flow at the optimal temperature without burning and damaging hair follicles. A cool shot button blasts a gust of cold air to seal in your hair style. With a compact, foldable design and dual 110v/240v voltage the Philips EssentialCare hair dryer is ideal for travel.
