

Fisher & Paykel E388LXFD 387L Vertical Freezer

Sleek, modern and stylish, the Fisher & Paykel 387L Vertical Freezer is suited to big families and people that love to entertain. Built with stainless steel, the Vertical freezer beautifully stands as an obelisk of contemporary luxury. Key Features With a 387 litre freezer volume, 6 freezer baskets and ice cube trays for optimal storage, the Fisher & Paykel is large enough to keep all of your frozen goods fresh. The Fisher and Paykel has adaptive defrost, an air circulating fan and door alarm to ensure that your goods are kept at the perfect temperature. As the freezer is frost free, your food is kept safe from frost damage, and the flat door design means that the Fisher and Paykel will look great in your kitchen without taking up too much space.
