

# Hitachi CV- SA8100RJ Vacuum Cleaner

Thanks to the Hitachi original motorized head design, cleaning has never been easier with the Hitachi CV-SA8100RJ. Key Features Smooth and easy 4-way suction with side blades ensure dust is vacuumed from all sides. Long roller rotates as vacuum head is pulled along as dust is sucked in from the rear. One-Touch removal function enables easy maintenance. Can be washed with water. Extendable Multi Angle Wide brush for hard to reach places. Thin and light smart hose is easy maneuver to reduce entanglement.
