

Aztech Blink Add-on Camera - White

This compact size camera allows you to place your Blink cameras anywhere in your home. With no wires to worry about, Blink is designed to go where other systems cannot. Place it on a bookshelf, desk or tabletop, attach it to the wall or ceiling, or mount it in a corner.

Key Features

- Live View** Easily access on-demand video streaming through the Blink app.
- 720P HD Video** Ensures that you get a clear view of your home or business, with minimal distortion or blurring.
- Instant On** With Blink's Instant On feature, video recording starts within a fraction of a second, so you'll get a clear look at who or what triggered the alert.
- Instant Alerts** Quickly receive a push notification alert with a link to the video attached, so you can decide how to respond.
- Built-in Microphone** A built-in microphone allows one-way audio access, so you can both see and hear what's happening at home.
- Motion Detection** Blink's feature-rich system includes a motion detector; when armed, any detected motion triggers the recording of a short video clip.
- Low-Light Illumination** Blink's built-in LED illuminator couples with the advanced low-light performance of our proprietary technology to ensure that you always receive full-color, HD quality video, day or night. Blink detects low-light conditions and automatically turns on the LED to a user controlled illumination level.
- Privacy Assurance** A non-hackable, hardware-based LED indicator lets you know when Blink is recording, or in Live View mode, so you'll never be caught off guard.
- Auto Arm/ Disarm** In addition to manually arming and disarming your Blink system, you will be able to arm/disarm the system automatically! Schedule these times in advance to define when the

system is active. Multi-System Support Do you have a small business, vacation home, boat at the marina or a very large house? With multi-system support you will be able to access each of your Blink home security systems from within a single Blink Home Monitor app account. *image are for illustration purposes only
