

Belkin F7U063btBLK Boost Charge 20000mAh USB-C Power Bank - Black

A high capacity power bank designed for USB-C devices including the MacBook, iPad Pro, Surface Pro, and Nintendo Switch. The included USB-C cable supports USB Power Delivery 2.0 30W to rapidly power up your USB-C device and recharge the power bank. Simplify charging and travel light thanks to the convenience of a single cable solution. An additional USB-A port offers faster charging for older devices. Made for: MacBook, iPad Pro, Surface Pro, Nintendo Switch, iPhone, iPad, USB-A devices

Key Features

PERFORMANCE DRIVEN 20100 mAh delivers more than a simple battery boost for USB-C devices. It's enough to deliver up to 28 additional hours of battery life to your MacBook.* With this kind of power in your back pocket, staying charged, even for a high-performing device like a MacBook, just got a whole lot easier.

HIGH-CAPACITY POWER BANK WITH POWER DELIVERY Equipped with USB Power Delivery 2.0, this power bank can charge a MacBook up to 30W. Just connect the included USB-C cable to a 27W wall charger to recharge the power bank. The power bank also has a USB-A port with a 2.4Amp/ 12-watt output, capable of quickly charging iPhone, iPad and other USB-A devices.

SINGLE-CABLE SIMPLICITY The convenience of a single cable that charges your USB-C devices and recharges the power bank adds simplicity to the charging experience. It

reduces the need for multiple, similar-looking cables and saves time and clutter. SAFETY MATTERS Belkin batteries include sensors monitoring heat, voltage and circuitry so the power bank will not overheat and harm your devices. Excess heat, voltage fluctuation or circuit abnormalities activate an override that shuts the battery down immediately for ultimate safety. *Image are for illustration purpose only

Features

General

Brand	Belkin
Model	F7U063btBLK
Product Type	Power Banks

Dimensions

Length	15.565 cm
Weight (kg)	39.4
Product Height (cm)	7.76cm
