Make that call, reply to an important email and send a text. Stream your favourite music and podcasts. All from your wrist. With available mobile connectivity, Apple Watch SE gives you the freedom to go without your phone. 5 Key Features Stay connected to family and friends with calls, texts and email, even when you don't have your phone 5 Stream music and podcasts on the go, and leave your phone at home 5 Set up and manage Apple Watch for each family member, directly from your iPhone, with Family Setup 6 Take calls and reply to texts directly from your wrist Track your daily activity on Apple Watch and see your trends in the Fitness app on iPhone Track new tai chi and pilates workouts, in addition to favourites like running, yoga, swimming and dance Hike smarter with built-in compass and real-time elevation readings Stay on top of your health with high and low heart rate, and irregular heart rhythm notifications 1 Apple Watch can detect if you've taken a hard fall, then automatically call emergency services for you 2 Emergency SOS lets you call for help when you need it 3 Sync your favourite music and podcasts Pay purchases instantly and

securely from your wrist with Apple Pay Swimproof design 4 100 per cent recycled aluminium cases are available in three finishes watchOS 8 introduces new workout types, the Mindfulness app, the new Portraits watch face and enhancements to Messages Legal for Apple Watch SE Apple Watch SE requires an iPhone 6s or later with iOS 14 or later. 1 Irregular rhythm notification requires the latest versions of watchOS and iOS. It is not intended for use by people under the age of 22 or those who have been previously diagnosed with atrial fibrillation (AFib). 2 Fall detection updates are available on Apple Watch Series 4 and later with watchOS 8 and later. 3 Apple Watch Series 7 (GPS + Cellular) and Apple Watch SE (GPS + Cellular) can use a mobile network connection for Emergency SOS. To use Emergency SOS on an Apple Watch without mobile connectivity, your iPhone needs to be nearby. If your iPhone isn't nearby, your Apple Watch needs to be connected to a known Wi-Fi network and you must set up Wi-Fi calling. 4 Apple Watch Series 7, Apple Watch SE and Apple Watch Series 3 have a water resistance rating of 50 metres under ISO standard 22810:2010. This means they may be used for shallow-water activities like swimming in a pool or the ocean. However, they should not be used for scuba diving, waterskiing or other activities involving high-velocity water or submersion below shallow depths. Series 7 is also rated IP6X dust resistant. 5 Wireless service plan is required for mobile service. Contact your service provider for more details. Connection may vary based on network availability. International roaming is not supported. Check apple.com/sg/watch/cellular for participating wireless carriers and eligibility. See support.apple.com/en-sg/HT207578 for additional setup instructions. 6 Not all features will be available if the Apple Watch is set up through Family Setup. Wireless service plan is required for mobile service. Contact your service provider for more details. Check apple.com/sg/watch/cellular for participating wireless carriers and eligibility. *Images are for illustrative purposes only.
