

# Yamaha MCR-B370 Micro Component - Silver

An aluminium front panel is complemented perfectly with Piano Black Gloss speakers. Boasting VCCS to prevent unwanted speaker vibration delivers premium Yamaha sound while support for Bluetooth, FM radio and an optical input provides access to a variety of music and audio sources. Key Features Bluetooth Wireless Streaming Connect wirelessly via Bluetooth for quick and simple audio playback from smartphones and other Bluetooth devices. Whether listening to your favourite music streaming services on your phone or watching videos on your tablet, get the most out of your sound by streaming it to your micro Hi-Fi system. Hi-res Music from USB Playback of 192 kHz / 24-bit FLAC and WAV files via USB reflects the Hi-Fi origins of this system. This support offers listeners the ability to experience the best in Hi-Fi listening. PianoCraft Design The PianoCraft series has for many years, embodied authentic Hi-Fi performance from a compact unit. Inheriting design philosophies from Yamaha Hi-Fi components ensure quality Hi-Fi performance from any PianoCraft product. Sophisticated Appearance The MCR-B370 maintains the design image of Yamaha Hi-Fi components - presenting an extremely high-class, sophisticated appearance. The centre unit has a front panel made of high-grade aluminium with a hairline finish that looks clean and elegant. Adding this stylish system to your room will enhance not just your listening but your home décor as well. Elegant Black Piano Gloss Speakers Reminiscent of a Yamaha piano, the Black Gloss cabinets imbue elegance, musicality and performance. Matched with the aluminium finish on the centre unit, the MCR-B370 emanates style and

performance. VCCS Vibration Control Cabinet Structure Technology To prevent unwanted cabinet vibration, Yamaha developed an internal structure called VCCS (Vibration Control Cabinet Structure) that employs strategically placed pieces of a composite material providing excellent vibration isolation performance.
